

The course is similar to the standard 2km course at Park 20 except that it has been lengthened to 2.5km

To get the start/finish near the Petanque Club it is necessary to reduce the length of the out and back section. The turn round is at the southern end of the solid white line at the path junction on the right.

Start/finish Option 1: On bitumen pavement as shown at end of red line.

The turn round and start/finish points are marked by orange pavement marking paint.
